D. Low Stress Pipelines

A final rule on hazardous liquid pipelines operating at 20 percent or less of specified minimum yield strength (low stress pipelines), was published in the **Federal Register** on July 12, 1994. This rule became effective on August 11, 1994. Low Stress Pipelines include pipelines that carry highly volatile liquids (HVL), pipelines or pipeline segments in populated areas, and pipelines or pipeline segments in navigable waterways. Therefore, operators must incorporate these low stress mileage on the verification notice which were mailed to pipeline operators on or about November 30, 1994. Onshore rural gathering pipelines, pipelines that operate at less than 20% of SMYS (non-HVL located outside populated areas and navigable waterways), and other pipelines excluded from regulation by 49 CFR 195, should not be included.

Issued in Washington, DC on January 30, 1995.

George W. Tenley, Jr.,

Associate Administrator for Pipeline Safety.

FOR FURTHER INFORMATION CONTACT: Dale Underwood, Privacy Act Officer, Department of the Treasury, (202) 622-0930.

SUPPLEMENTARY INFORMATION: This is to give notice of alterations to an existing system of records, currently known as "Document Delivery Control System—Treasury/DO .194" which is subject to the Privacy Act of 1974, as amended, 5 U.S.C. 552a. The system notice was last published in its entirety at 57 FR 13923 on April 17, 1992.

A review of the existing system notice found that the notice no longer accurately reflected the operation of the system of records due to a system upgrade which has changed the system configuration. The alterations include changing the name of the system to "Circulation System—Treasury/DO .194" and the addition of the following routine use to the notice:

These records and information in these records may be used to disclose information to a congressional office in response to an inquiry made at the request of the individual to whom the record pertains.

A change in the software also allows records to be retrieved by the employee's bar code number which is associated with the individual's name or the bar code number assigned to the book or periodical.

The altered system of records report, as required by 5 U.S.C. 552a(r) of the Privacy Act, has been submitted to the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget, pursuant to Appendix I to OMB Circular A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," dated July 15, 1994.

The system of records, Circulation System—Treasury/DO .194, is published in its entirety below.

Dated: January 25, 1995.
